Mission Corner

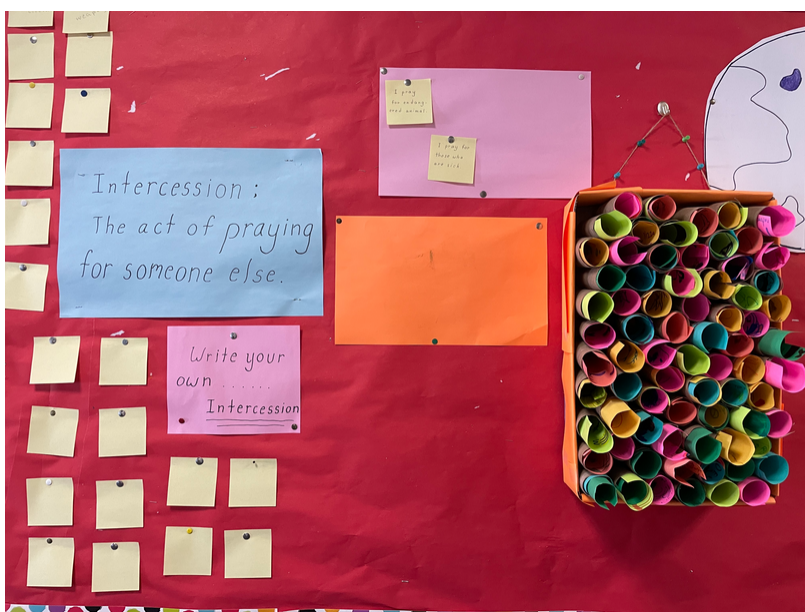

Thank you to everyone who brought donations for Caring Cupboard this week! Your generosity will help many families in the local area.

Science, Music, & Movement

We prayed for those in need across the world today! Campers placed pebbles on areas of the world that are in deep need of prayer at the moment: Ukraine, Thailand, and Australia were some of countries children chose. Then Pastor Sarah led the groups in a prayer for God to bless and help those in need.

One of our morning activities was to create a "wishing well" where children placed prayers for others in. VBS volunteer Alex and Youth Minister Gospel secured the completed well to our Intercession Bulletin Board where it will be displayed for all to see!

Arts and Crafts

Who can we pray for?

Yesterday your camper went home with a paper outlining the 5 Finger Prayer demonstrating Intercession - Praying for Others, a lesson learned throughout the week. Today they finished their prayer necklaces and made scratch art crosses!
